San Francisco News.

SAN FRANCISCO, April 26th.—The contribution to the Centennial fund will it is expected reach $25,000, $15,000 having already been subscribed.

The bogus roll dodge is being played in the city, lead pipe of the exact size and weight being put in rolls instead of half dollars. Various banks and money brokers have received stuffed rolls. The Pacific Bank took in about $200 of lead pipe and Donahoe & Kelly received a couple of rolls from E. Newbugher & Co., who on being notified at once redeemed the leaden tubes. Hopkins & Haley, money brokers, received several rolls from Donohoe, Kelly & Co. among a draw of silver to pay the London and San Francisco Bank. The bank discovered fraud and the spurious rolls were immediately returned through the channels by which they had arrived. The Nevada Bank counted all its silver rolls on Monday, but no bogus ones were found. That the swindler has confederates is probable as many brokers have been victimized.

The skillfully executed gold five dollar pieces which have been recently creating excitement in New York and Washington, have turned up on this coast, and were a few days ago refused at the Bank of California, and sent up to the mint to be assayed. When the piece came to the mint it was pronounced genuine by several parties, whose experience with coin of all descriptions entitled their judgment to consideration. The pieces were lighter in color than gold coin here, but this was supposed to be on account of its being coined at a Philadelphia mint, where for a number of years the process of working the metal gave it a light color without in the slightest degree detracting from its value. The counterfeit was carefully weighed and found to come up to the standard.

Nearly 5000 people assembled at the pavillion last evening to hear Gilmore's band and to see Dom Pedro. At his entrance he was greeted with the familiar sound of the Brazilian National air. The audience all standing.

Shot by Indians.

FORT LARAMIE, April 26th.—A. E. Brown, of Salt Lake, one of the proprietors of Gilmer, Salisbury & Patrick's stage line, is lying sixty miles from here at Sage Creek, badly wounded. Two ambulances and an escort have just been sent by Gen. Bradley to bring him here, accompanied by Acting Assistant Surgeon Betty, U. S. A. Mr. Brown was shot by Indians on the night of the 21st. He was making a night trip on one of the fast freight wagons, and was sitting by the side of the driver. They were suddenly fired upon, a ball hitting Mr. Brown near the front of the left hip, first striking the brass shell of the cartridge in his belt, carrying the cartridge into the wound with the ball, both remaining in his body, and making a very bad case.

Revolutionary Bones.

BROOKLYN, April 26th.—A contractor who was examining excavations in the city yesterday, found a slab which had been placed over the bones of Revolutionary patriots who perished in the prison ships. The wall about the slab is in a remarkable state of preservation, the inscription being plain and legible.

Assassination.

PHILADELPHIA, April 26th.—Wm. K. Hess, a police officer connected with the reserve squad, was shot through the forehead by Joseph Harold just as he was going home at 6:30 A. M. He is not expected to recover.

Ohio News.

CINCINNATI, April 26th.—Postmaster VanTyne of Sandusky was arraigned last evening on the Charge of robbery and embezzlement.

At Milford Centre, Ohio Zimmerman's hardware store was entered by burglars and the safe blown open, $400 taken, no clue.

Anaheim Items.

[From the Gazette. 25th.]

We had the pleasure yesterday of meeting Mr. P. Seamans, who has returned from the mining district of Darwin. He reports it as being a very flourishing camp.

The St. Charles Hotel in Los Angeles, was the scene of a merry feast yesterday, when the good Dominie of Los Nietos tied with the Hymenial cords Mr. Walter Collins and Miss Sallie Chapin, of this place. Our reporter was on hand to drink long life and success to the young couple.

It seemed to us like desecration as we stood yesterday and saw those locusts cut down which have, ever since our first recollections of Los Angeles flourished in front of the St. Charles Hotel, in that city. One of the trees was what is called a honey locust and was, we believe, the only one of its kind in Los Angeles. It was planted by Louis Wolfskill. We understand that the trunks of the trees will be made into canes and presented to some of the old residents.

Dr. S. W. Brooke has reached his father-in-law's home in Kansas within eight days of his departure from Los Angeles. As his wife was seriously ill he will be detained longer than he expected.

SAN FRANCISCO, April 26th.—The contribution to the Centennial fund will it is expected reach $25,000, $15,000 having already been subscribed.

The bogus roll dodge is being played in the city, lead pipe of the exact size and weight being put in rolls instead of half dollars. Various banks and money brokers have received stuffed rolls. The Pacific Bank took in about $200 of lead pipe and Donahoe & Kelly received a couple of rolls from E. Newbugher & Co., who on being notified at once redeemed the leaden tubes. Hopkins & Haley, money brokers, received several rolls from Donohoe, Kelly & Co. among a draw of silver to pay the London and San Francisco Bank. The bank discovered fraud and the spurious rolls were immediately returned through the channels by which they had arrived. The Nevada Bank counted all its silver rolls on Monday, but no bogus ones were found. That the swindler has confederates is probable as many brokers have been victimized.

The skillfully executed gold five dollar pieces which have been recently creating excitement in New York and Washington, have turned up on this coast, and were a few days ago refused at the Bank of California, and sent up to the mint to be assayed. When the piece came to the mint it was pronounced genuine by several parties, whose experience with coin of all descriptions entitled their judgment to consideration. The pieces were lighter in color than gold coin here, but this was supposed to be on account of its being coined at a Philadelphia mint, where for a number of years the process of working the metal gave it a light color without in the slightest degree detracting from its value. The counterfeit was carefully weighed and found to come up to the standard.

Nearly 5000 people assembled at the pavillion last evening to hear Gilmore's band and to see Dom Pedro. At his entrance he was greeted with the familiar sound of the Brazilian National air. The audience all standing.

Shot by Indians.

FORT LARAMIE, April 26th.—A. E. Brown, of Salt Lake, one of the proprietors of Gilmer, Salisbury & Patrick's stage line, is lying sixty miles from here at Sage Creek, badly wounded. Two ambulances and an escort have just been sent by Gen. Bradley to bring him here, accompanied by Acting Assistant Surgeon Betty, U. S. A. Mr. Brown was shot by Indians on the night of the 21st. He was making a night trip on one of the fast freight wagons, and was sitting by the side of the driver. They were suddenly fired upon, a ball hitting Mr. Brown near the front of the left hip, first striking the brass shell of the cartridge in his belt, carrying the cartridge into the wound with the ball, both remaining in his body, and making a very bad case.

Revolutionary Bones.

BROOKLYN, April 26th.—A contractor who was examining excavations in the city yesterday, found a slab which had been placed over the bones of Revolutionary patriots who perished in the prison ships. The wall about the slab is in a remarkable state of preservation, the inscription being plain and legible.

Assassination.

It seemed to us like desecration as we stood yesterday and saw those locusts cut down which have, ever since our first recollections of Los Angeles flourished in front of the St. Charles Hotel, in that city. One of the trees was what is called a honey locust and was, we believe, the only one of its kind in Los Angeles. It was planted by Louis Wolfskill. We understand that the trunks of the trees will be made into canes and presented to some of the old residents.

THURSDAY,.....APRIL 27, 1876.

NEWS OF THE MORNING.

The delegates to the Republican Convention in Sacramento are still quarrelling over a line of policy and list of delegates. The radical and independent element do not seem to harmonize. No final arrangement has as yet been made.

In the Simonton-*Alta* libel suit in San Francisco yesterday, D. O. Mills, Michael Reese and George O. Howard testified concerning the causes of the failure of the Bank of California.

Dom Pedro still refuses to receive ovations, preferring to act like a gentleman.

Gold closed at 112¾ yesterday in New York.

The stock market in San Francisco continues weak and unsteady.

In the U. S. House of representatives the Committee on Pacific Railroads have agreed on the Senate bill giving eight years additional time to the Northern Pacific railroad.

An amendment to the Texas Pacific bill will be introduced before the Committee on Pacific Railroads, extending the time for the completion of the Texas Pacific Railroad rom San Diego Eastward until 1890. Also another amendment allowing settlers to buy land at $2.25 per acre. The road is to be completed in six years or lands granted to be forfeited.

The annual Convention of the National Board of Underwriters was held in New York yesterday. The increase in the amount of risks taken during 1875 was $290,000,000.

Blaine thinks the recent attacks upon him have strengthened his chances for the Presidential nomination.

The Massachusetts republican State Convention yesterday refused to pledge the party to any candidate for the Presidency, and flatly snubbed Blaine and Bristow.

In the case of McKee, of St. Louis whisky fraud fame, Judge Dillon, of the U. S. Circuit Court, overruled the motion in arrest of judgment and sentenced McKee to imprisonment for two years and imposed a $10,000 fine. Stay of proceedings granted for two weeks.

Seizrer, Democrat from Louisiana, will receive the support of the majority of the Committee on Elections.

The French troops in Algeria are surrounded and are on short rations. Surrender is their fate.

The French Atlantic cable is broken again.

Chavez and Cruz Lopez with a band of robbers are reported near Campo.

"Big Mitch," who robbed the Sonora stage near San Andreas some time since was convicted yesterday.

A train on the Canada Southern Railway ran into the Welland canal, near Welland, Ont., and the engineer and fireman were killed. The engineer was asleep and the bridge was open.

A fire at Mount Vernon Ohio, destroyed a large amount of valuable property.

The Tu carawas Valley, Ohio, mining troubles are nearly over.

A mob of Union moulders in Troy New York, on Tuesday, attacked the boarding houses in which the non-union men boarded and four of the latter were badly wounded as well as one of the former-

EXTENSION OF TIME.

The proposition to extend the time for building the Texas Pacific Railroad, offered by LUTTRELL and agreed to by WIGGINTON, gives Colonel SCOTT and party an opportunity of showing their earnestness in the work they profess a desire to carry out. They can now commence building a road at San Diego and push ahead with all the means and energy at their command, or they can do as they did once before—make a pretense of doing a thing they never intended to do, and wait for a three hundred and fifty million dollar subsidy. It does not require much of a prophet to tell which of the two propositions they will adopt. They will not build the road now on the same terms which they refused some years ago, and as they can obtain no other terms they will not build the road at all, and once more the land will revert to the Government. It is admitted on all sides, and by all parties, that the Texas Pacific Railroad company, of which Colonel SCOTT is the head, have not now and never had the slightest intention of building the road out of their own means. Their sole purpose has been to obtain an enormous subsidy from the Government, and as they have not and never will obtain the amount asked for, the conclusion is inevitable that the right to the land granted through the extension of time will be forfeited again. The hope of the people for a southern overland road is in the Southern Pacific Railroad company, and that company is giving the most satisfactory evidence that the hope is well founded.

OUR KNOTTY PROBLEM.

When reason is not the guide, and passion is allowed to obtain control of the conduct of the masses, damaging results invariably ensue; and it becomes the people of California, in view of the excited state of public feeling on the Chinese question, to be rational rather than impetuous. Violence unwarranted, even though the motive that prompts decisive action may be just and fully called for on general principles, always produces retro-active results that are more injurious to the body politic than the evil sought to be corrected. Late intelligence from San Francisco brings the news that some of the Anti-Chinese organizations have entertained the idea of assuming a military form, and that one of these societies has already obtained equipments in anticipation of use. This is wholly wrong, and such a spirit of violence should be discouraged by all good citizens. There is not a sane man in our State who does not appreciate the untold calamities that hang upon the presence of the Chinese in our midst. All who have the moral social and mercantile welfare of our State at heart, deprecate the existence of a treaty that allows such a detrimental influence to exist. A remedy will be found in time, but the question is one that demands cool, calm deliberation. Public sentiment is warm and all classes participate in the spirit of indignation at the state of things that exist in this regard. A spirit that will produce effects similar to those of Communism in France is to be deprecated, and should it be manifested, the strongest arm of the Government must and will be exercised in its suppression. A violent effort to right such a social wrong will be productive of immense damage to innocent parties through destruction of life and property, and a stain will be placed upon the fame of our State that can never be effaced. We believe that the people of California have too much of sound discretion to disregard the rules of propriety that insure a proper regard for the dignity of the law. The Chinese problem is a knotty one, but there is firmness and wisdom enough among those upon whom the solution of the question devolves to work out a satisfactory result without overstepping the bounds of strict legal propriety. In the name of all that is just we trust that this ebullition of a spirit of violence will cease, and that the evil we condemn will be speedily removed by the legally constituted authorities.

A QUEER PROCEDURE.

It is a well established fact that men when in desperate circumstances, in an insane effort to retrieve their failing fortunes, are guilty of acts ill-timed and injudicious in the extreme. In correspondence with this feature in individual life, the Republican party of this State has been guilty of a variety of stupid blunders, that while they must be acknowledged as errors, can but be regarded as acts of the most bare-faced effrontery and impudence. While the air is filled with the exhalations of impurity with every movement of the party, and a shameful surrounding that should bring the blush to the cheek of every honest American, the present possessors of party and political power have the boldness to demand of the people a renewal of confidence, with the air of a conqueror rather than the submissiveness of one guilty, suing for mercy. Confident as they seem to be in their ability to draw upon the Secret Service and other funds, relying as they have ever done upon the use and value of money in elections, they now assume with a bare-faced brazenness to ask the people of our State to endorse some of the very men upon whose skirts there are stains of apparent criminality, if not absolute guilt. The Republicans of Sacramento, in the election of their delegates to the State Convention, have demonmonstrated the truth of the preceding statements. Among their foremost representatives for this end is one ROBERT GARDNER, whose official career has been investigated by a committee of the Legislature with no satisfactory results tending to remove a suspicion concerning his conduct while in office. The late Surveyor General may possibly be not guilty of absolute theft; but in response to the late legislative investigation there was a woful failure on his part to clear his skirts of the original stain. At this procedure the mass of the people and tax-payers can but feel indignant. But it is an evidence that the Radicals propose in the coming campaign to do a wholesale business in whitewashing, and endeavor to force upon popular acceptance and re-election men whose career should consign them to San Quentin rather than to any position of trust or honor. The conduct of the Radicals of Sacramento is simply characteristic, and gives the key-note to the proposed manner of their conducting the campaign at hand. The calcimining operation will not work.

THE amended City Charter, we understand, does away with the election of City Marshal and places the appointment of that officer in the hands of the Council. Here is another outrage perpetrated on that over-worked and much-abused body. The members frequently complained of the enormous labor imposed on them under the old regime, and now the people have added to the great load the task of watching the Board of Public Works and of appointing a Chief of Police or City Marshal. When will these outrages upon an innocent, inoffensive, hard-worked, poorly-paid municipal body cease? Citizens, friends, countrymen, forbear; for the Council's sake forbear. Remember it was the last straw that squelched the camel.

A Card.

EDITOR HERALD: Will you be kind enough to say, in response to the challenge in this morning's issue of your paper, in which my name is mentioned, that the wager precludes my accepting it, though I doubt not very many of the hundreds of farmers who are using the "Champion" would gladly do so were the stake large enough to make it an inducement. I have not arrayed the "Champion" against the "Wood" in particular, but against all other machines on the coast; and by way of furnishing the information your correspondent desires, would say that the "Wood" was the most signally defeated of all contestants in the trial to which his card refers, as he may see by an open letter in my possession.

Respectfully,

The Fifty-Seventh Anniversary at Anaheim.

A General Holliday and a Splendid Time.

Yesterday, the Fifty-Seventh Anniversary of Odd Fellowship in the United States, was celebrated at Anaheim in an appropriate and pleasing manner. For some time past the members of the Order in that town of wholesouled men, beautiful women and pretty babies, had been engaged in making preparations for a due observance of the Twenty-Sixth of April, and that they omitted nothing calculated to add to the comfort and enhance the pleasure of all those who had the honor of participating in the celebration will testify. Through the kindness of Superintendent Hewett, an excursion train was run from this city at half fare, and at 7:10 in the morning, the train having on board about two hundred Odd Fellows and their families and friends, left for Anaheim. At the depot, at which place we arrived about nine o'clock, we found carriages, coaches and hacks in waiting to convey us to the town, which is one mile distant from the depot. We should add that our party received a large accession to its numbers at Downey. The ride down was pleasant and enjoyed by all.

At ten o'clock the members of the Order assembled in the pretty and well furnished Odd Fellows' hall, and at the sound of the gavel a committee of ladies, composed of Mrs. Korn, Mrs. Bearge, Mrs. Weille and Mrs. Conrad entered the hall, and Mrs. Conrad, in a short but earnest speech, presented Orpheus Lodge No. 237 with a beautiful flag. Mr. Fischer received the much prized gift, and in appriate language returned to the ladies the thanks of the lodge. Orpheus Lodge is a German lodge, and the presentation ceremonies were conducted in the German language.

Shortly after ten o'clock about 300 Odd Fellows formed in procession and marched to the Tivoli Gardens, near the railroad depot, where ample shade was found and every comfort provided. The exercises at the grove consisted of instrumental music and songs, interspersed with short speeches by Mr. Fischer, Judge Bailey, Mr. Martin, Mr. Huber, Mr. Miles and others.

After the speeches the pavilion was cleared and dancing commenced and was kept up until six o'clock, the time to start for home. The good people of Anaheim provided an excellent dinner, of which all partook without money and without price. The music for the day was furnished by F. Cziske's German band, of that city, and we take pleasure in saying that this band furnishes excellent music, and its members are gentlemen who strive to please their patrons and the public.

At six o'clock the summons "all aboard" warned us that it was time to prepare for the return trip, and surrounded by our good friends of Anaheim, wishing us a pleasant trip to the city, the train started and at 7:15 landed us at the Los Angeles depot, all tired and content and all well pleased with their visit to Anaheim.

THAT BURIED TREASURE.

A Man Turns up who Corroborates the Story and Knows Where to Find the Money.

Something more than a month ago there appeared a sketch in the HERALD, giving form and local habitation to a floating legend concerging a box of gold said to have been buried in the Arroyo Seco by old Don Tiburcio Tapia, thirty years ago. Of course the account was considerably colored, to present it in a readable shape, and as it was only a myth at the outstart we did not think that even the most credulous reader would believe it. But it transpires that the story floated about in the press of the country and was finally copied into the New York *Sun*, where it met the gaze of a man who swallowed it on the half shell, and the result is the following letter. We present it entire for its original simplicity, merely anglicizing it in grammar and orthography:

To the Editor of the Herald:

SIR: I have seen in to-day's New York *Sun*, newspaper, an account of hidden treasure. I am a laboring man. I have been in California. I went there after the war. I worked at Santa Cruz on the railroad for a few months. There were then a good many emigrants to Los Angeles to settle on Governor Downey's land in Lower California. I wanted my comrade to come down by land or water, but he backed out and would not go with me, so I returned to the States. Now, Sir, while I was working at Santa Cruz for a fuse factory, in the employ of a man by the name of Lynch, I

DREAMED A DREAM

of such treasure. In my dream, the box was iron, the money was doubloons, and some smaller pieces of coin. This account sprung my old dream. Now, Mr. Editor, if there is any truth in dreams, I saw the old man Tiburcio Tapia. If this man Raman is his genuine son, I would go to California and find the treasure for him if he would pay my way there and back to New York in case of failure. In case it came out right I claim one-half, and will pay my own way back to New York. Mr. Editor, please give this note full consideration before you consign it to the waste basket. I remain your obedient servant, JAMES BRADY.

Direct your letter to Flat Bush Postoffice, Long Island, State of New York, in care of John Brady, Milkman. J. B.

PACIFIC COAST.

San Francisco News.

SAN FRANCISCO, April 26th.—An old man named Joseph Higgins attempted to commit suicide by jumping into the bay last night. He went on the North Point dry dock, tied a rope around his waist, fastened a lot of iron to his feet and plunged in. Before taking the leap he tied the rope around a pile with a card on which was written, "pull the rope. When he got into the water the rope was too short to allow submersion, and rather than swim all night he shouted for help, which soon came.

The Republican State Convention met at Sacramento to-day and effected an organization by electing Norton of Placer Chairman. This is an anti-Federal office holders' triumph, and insures a delegation for Bristow and Blaine, the former having a good showing for a majority of the delegation. A large number of Independents are in Cañon in response to an invitation from the Republican State Central Committee, all of whom are said to be in favor of electing a delegation for Bristow, but it is probable the delegates will be unpledged, though favoring the two candidates mentioned.

Dom Pedro has been riding through the streets all day, visiting many points of interest. This evening he was visited by the Board of Supervisors, the Mayor and others, who were received without ceremony.

Edgar A. Williams was arrested this afternoon on a charge of embezzlement. He is charged with appropriating the proceeds of a sale from John M. Davis & Co. of this city, his employers, to Hunt & Phelps of Santa Barbara.

John McDevitt, who was shot by his wife's paramour yesterday morning is in a dying condition, and his ante-mortem statement was taken this forenoon.

The steamer City of New York, belonging to the Pacific Mail Company, sailed for Sidney to-day, all attachments having been released by giving bond for thirty thousand dollars.

After Dom Pedro got through with the audience of Supervisors, on an invitation he went through the Chinese quarters and spent the remainder of the evening at the Chinese Theatre.

Political Movements.

CONCORD, N. H., April 26th.—The Republican State Convention for the choice of ten delegates to the Cincinnati Convention, called by the commands of the Chairman of the State Committe, assembled at the Opera House in Concord on Wednesday at 11 A. M.

The N. Y. *Herald* referring to the question of the Presidency says it must be conceded that no one thus far named will have more chances of carrying Indiana, Illinois, and Ohio, but adds keep the ermine out of politics. We cannot look with patience upon the effort to nominate Judge Davis.

The *Times* says regarding Bristow, the place and policy of which they believe him to be a popular representative, his supporters put the cause to be served first, the candidate afterwards.

Odd Fellow's Celebration.

CHICO, April 26th.—The Odd Fellows Celebration and Picnic here today was a grand success. Over 400 members of the order were in the procession. Delegates from Tehama, Red Bluffs and Stony Creek, Cherokee, Briggs, and other lodges came to assist. An oration was delivered by G. M. D. W. Welty, and a poem read by the Rev. J. W. Bryant. Over three thousand people were at the grounds.

A Card to the Public.

THESE Medicines, which are becoming so popular in the Southern portion of this State, are simply beating down all prejudice and opposition as regards their efficacy here, as they have been doing in San Francisco and other places. By their virtues, their irresistible influences, surely and speedily effected, the most incredulous are at once shorn of their doubts. Those who have dreaded and suffered with those excruciating dises,

Rheumatism & Liver Complaint,

May hail with joy the advent in their midst of these wonderful medicines, which the Doctor has labored for years to perfect, as a specific for the above diseases.

You that are suffering at once cast aside your prejudice, derived, and justly, from repeated failures. We ask that your hopes may revive, at least sufficiently to give this medicine one fair trial. We feel bound to do our duty, and in justice to Dr. Clark and the suffering thousands who may read this card, we, the undersigned residents of this county and vicinity, MOST FORTUNATELY speak from experience, and we assert most emphatically the efficacy of the above medicines is irrefutable. Our friends, and even strangers, may ponder over these remarks, but if the candid truth from our lips robs them of their incredulity sufficiently to place themselves, with kindling hope, under the treatment of Dr. Clark, with his celebrated Family Medicines, we well know that some good will accrue from our efforts, and most heartily say

God Speed the Right.

Delightful! Though Mr. La Ransieur has closed his select dancing classes for the present season, and has taken the management of a special class of popular amusements to be given at the Washington Garden and at Santa Monica during the coming season, he has now consented, after an urgent request from many of our leading citizens, to give instructions to a class of young folks every Saturday afternoon at the spacious hall at the Washington Garden, located in the midst of an orange grove, and surrounded by beautiful graveled walks, water courses, fountains, pagodas, flowers, and the song of wild birds.

A Few Extracts from Letters.

Extracts from letters lately received from Stockton; the originals may be seen on application to the undersigned.

"I bought and paid $600 for a Hunter mare, broke and drove her—within four months—to wagon on a half mile track in 2:40. Is now in foal by Hamiltonian. I am offered $500 for the colt at weaning. The Hunter stock has proved the best stock we have had here, as it took only four months to make them trot in three minutes, and if they had a good *dam* could not be beat."

"I bought a bay Hunter mare from Cutler Salmon, Esq., five years old, broke and drove her, within four months from purchase, a quarter in 37½ seconds, and sold her like a fool for $800. She was the best piece of horse flesh I ever saw for her age—very pretty, gentle as a lamb, but of high metal. *Hit* her and she would *come* every time, and never broke. No other person pulled a line over her while I owned her."

"*Solid Silver*, owned by Thomas George, is a small horse, out of a scrub mare has trotted in the twenties, and has a public record of 2:40¼ at last fair time, and badly handled at that."

"There's a team owned in Oakland, sorrels, 15¼ hands, perfect beauties, can trot in 2:30 and pace in 2:35, were raised here by Mr. Morse, been handled only one season."

"Judge Brown has a mare six years old by Bonold horse. She was sold at auction for $300. She is a natural trotter—it is useless to offer $500 for her now."

From the above this public may form a correct idea of what may be expected from the introduction of this stock into Los Angeles county.

GRADUATING EXERCISES.

Full Attendance and an Enjoyable Affair.

The interest which our citizens take in matters of public instruction was abundantly testified by the immense audience which assembled in the Fort street Methodist Church last evening. The occasion was the graduation of the Senior Class of the High School, or, as it is technically called, the Class of '76. This is the second class thus far, sent out from our public school with academic honors, and we are glad to state that both have proven highly creditable to our system of instruction, and those who have been chosen to administer it. The class which graduated last evening numbered four scholars and comprised the following named young ladies: Misses Helen White, Olive Gibson, Mary Chauvin and Eva Myers.

The exercises opened with the instrumental solo, 'Chanson a Boire," by Miss M. Eva Myers, of the class, after which Rev. Dr. Guard delivered the Lord's Prayer in a most impressive manner.

The salutatory address was then presented by Miss Olive Gibson. The address was read, or rather recited, in a clear, firm voice, which could be easily heard in every part of the house. It was brief and expressed in plain, forcible words, thus showing excellent taste on the part of the writer.

"Books" constituted the subject of quite an elaborate essay read by Miss Mary Chavin. The composition exhibited extensive reading and no inconsiderable amount of study in its production. Miss Chauvin's enunciation, like that of her predecessor in the exercises, was almost faultless. Not a word of the essay was lost.

Miss Helen White then favored the company with a song entitled, "The Bridge." It was rendered in her sweetest voice, and the composition being well adapted to her style of music, the effect could not have been finer and it was heartily appreciated.

"Royalty in Bonds" was a forcible and pleasantly written essay by Miss M. Eva Myers. The writer attempted simply a comparison between physical and mental royalty, the latter of which rises infinitely above the powers and dignities of life. The subject was well discussed and profusely illustrated from history.

The next exercise was an essay under the title of "Plus Ultra," read by Miss Helen White. Miss White treated of the glorious future which is ever before us—our individual future and the future of our country in its expansion and development, and above all, the future of eternity which awaits all at last. The essay was most focible and eloquent in many of its passages.

By special request of the class the Misses Chase had volunteered to assist in the musical part of the exercises, and favored the audience with the overture to the Merry Wives of Windsor. Their rendition of this most difficult piece of composition was finshed and elegant.

"A Nation's Wealth," was the subject of an essay read by Miss Olive Gibson. The essay showed original thought and was altogether most creditable to the author.

Miss Martha Chase sang Blumenthal's charming solo, "When we are parted," after which the Valedictory was pronounced by Miss Helen White. Both were received with the most hearty applause.

Dr. Lucky then delivered an address to the graduates, in which he embodied some satisfactory congratulations and advice. He concluded by presenting the well earned diplomas to the graduates. A short address was then made by Rev. Dr. Guard, and the exercises were concluded by the "Class Song," which was rendered by the entire class. The words of the song are as follows:

CLASS SONG.

Thrice the flow'rs have bloomed and faded
Since we first as classmates met,
Happy scenes before us crowding,
Mem'ry whispers, "Ne'er forget."
All this toiling is but sowing,
When the reaping shall be o'er,
May we find in heaven's own garner
Golden sheaves we bound before.

CHORUS.

Tarry, O ye golden moments,
Breaking not the holy spell;
Let us linger on the threshold,
Ere we breathe the last farewell.

May our paths, to-day dividing,
When the earthly toil is past,
Lead us where all tears of sorrow,
Seem as pearls in heaven at last.
There to clasp our hands forever,
May we meet on Eden's shore,
Waiting by the crystal river,
There to part, oh never more.

CHORUS.—Tarry, &c.

The audience was then dismissed with the benediction pronounced by Dr. Guard.

A Valuable Enterprise.

A visit to the works of the Asbestine Stone Company in East Los Angeles demonstrates that the enterprise is of great importance to the city. The stone made by this process is of a similar character with the Frear stone of which the front of the Safe Deposit Company in San Francisco is composed. It will be remembered that the Frear stone process is an infringement upon the Asbestine patent. There are a number of specimens of this material to be seen in this city in actual use, which will bear inspection. Among them the curbs and posts around the Cathedral; the walk and the carriage step in front of Governor Downey's residence, and a full front of the horse car station in East Los Angeles, as well as a new pavement now being laid in the walks upon the grounds of H. T. Hazard on Spring street. It has been demonstrated that this material can be adapted to almost every architectural use, and all ornamentations of the character of statuary and cornices can be made far cheaper and will be more durable than solid stone, when exposed to the elements. A house front with this process can be constructed at one-third less the expense that one of brick and stucco can. In one week from the time of moulding, whether it be in the shape of pipes or blocks for pavments or architectural use, the stone becomes wholly impervious to water. Mr. T. F. Barbee, real estate agent, has purchased an interest in the manufacturing company, and a new organization will soon take place. At present Mr. L. E. Page, of the firm of Page & Gravel, is manager, and E. M. Hamilton foreman. In consequence of the demand for this material for building purposes the company is making an addition to their works of a building seventy-two feet long by about thirty feet wide. This is an enterprise that should be fostered by our citizens.

All the Go.

The "Progres" shirt can be had at the Important, under the Lafayette hotel, two shirts in one, something entirely new. Call and see them. *

Seventeen suits were entered against Temple & Workman Tuesday and about one hundred more will follow.

Dragging Out Existence.

The nervous, weakly invalid does not enjoy life, but merely "drags out existence," as the phrase is. Unfitted for the active pursuits of life, and incapable of partaking of its pleasures, to which health alone can give a zest; disinclined to social intercourse, and a prey to melancholy, the valetudinarian is indeed an object of pity. Yet there is nothing in all this that cannot be remedied by that genial alterative tonic and nervine, Hostetter's Stomach Bitters, which supplies deficient stamina, braces the nervous system, and overcomes those bodily irregularities to which nervous weakness is most frequently attributable. Diseases of the kidney and bladder, imperfect digestion and uterine troubles are fertile sources of debility. Their eradication, however, becomes a matter of certainty when Hostetter's Stomach Bitters are systematically used for that purpose. The Bitters likewise annihilate and prevent fever and ague and other debilitating febrile complaints of a malarial nature.

A GOOD WORK.

A Startling Cause of Debility and Sickness fully explained in a large octavo Treatise by Dr. O. PHELPS BROWN, 21 Grand Street, Jersey City, N. J. EVERY MAN AND WOMAN who is ailing in any way should send and get a copy at once, as it is sent free, prepaid by mail. Address the author, as above. nov19wly

REASONS WHY
— THE —
REMINGTON FAMILY SEWING MACHINES
Are Superior to All Others.

FIRST—THEIR SIMPLICITY,

The use of them is very easily acquired, and any girl of ordinary intelligence is capable of keeping them in order.

SECOND—THE CONSTRUCTION of the Machine is such that it may be run at a higher rate of speed than any Shuttle Machine now in the market. In factories where the rate of speed has been registered, over

1,000 Stitches per Minute

have been attained with ease.

THIRD—THEIR DURABILITY being so strong in all their parts and fitted with great mechanical nicety, and being free from the harsh jarring movements and friction so common in inferior machines they will wear a long time without repair of any kind.

FOURTH—THEIR ADAPTABILITY, By a simple change of the needle and thread they will sew the finest cambric or the heaviest leather.

FIFTH—THEY HAVE NO ROTARY CAMS, Cog-wheels or lever arms to make a noise, run hard, or to get out of order.

SIXTH—THEY HAVE AN ADJUSTABLE Feed which may be raised or lowered at pleasure.

SEVENTH—ALL THEIR MOVEMENTS are positive and they cannot be thrown out of time.

Manufactured by the Largest Manufacturing company in America, possessing a world-wide reputation in the manufacture of their firearms, they afford a guarantee of perfection in work and construction.

No other sewing machine has ever been introduced so quickly and met with such rapid sale as the

REMINGTON
Remington Sewing Machine

It arouses the jealousy, opposition and persistent mis-representation of the older Sewing Machine Companies through their agents, and even the old Singer Company, through its agents devotes one largest part of its advertisements to show that it is not an improved Singer, and that its calculations are upon a false basis.

"With malice toward none and charity for all," it will be the aim of the agent of the

Remington Sewing Machine

to afford to all an opportunity of testing merits with those of any other, and let them make their own selection.

SEWING MACHINES!

If you are wanting to buy a Sewing Machine, try a new Wilson and you will have no other.

A trial will convince the most skeptical of its superiority over all others, being adjustable in all its parts, every movement being positive, with a perfect tension and adjustable feed. It is simple, strong, durable and cheap, light and rapid running, doing all the different varieties of sewing from the finest fabric to the heaviest cloth or leather.

The latest improved Wilson will not run backwards, thereby avoiding the breakage of needles and thread and necessitating the removal of the goods from the machine while winding the bobbins as is the case with all other machines. HIGHEST PREMIUM AT THE WORLD'S FAIR, Vienna 1873. A very important improvement has lately been added to the Wilson. Call and see it before purchasing elsewhere. To try one is to buy one.

YOUNG MEN

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever paid at the altar of suffering humanity. Dr. SPINNEY will guarantee to forfeit $500 for every case of seminal weakness, or private disease of any kind or character, which he undertakes and fails to cure. He would therefore say to the unfortunate sufferer who may read this notice that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage; remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its ill effects, remember that if you persist in procrastination the time must come when the most skilful physician can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work upon your imagination, but avail yourself of the benefit of the results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave. Full course of treatment $25. Send money by Post Office Order or Express, with full description of case. Call, or address,
